Scroll Saw Gifts LLC is a locally owned and operated small business in Western Michigan that produces a wide variety of hand crafted items for both retail and wholesale distribution. All of our products are cut by hand, primarily by scroll saw. No lasers or computer guided machinery are used. While lasers and computer guided machinery might be more efficient, we hope that the uniqueness of an item handcrafted in the United States might hold a bit more meaning than a similar cousin turned out by an assembly line overseas.

In addition to the items that you will find in this flyer, we also cut both stock and custom gift items for specialty shops, tourist attractions, schools, churches, sports teams and more. We'd be happy to see what we can design for you.

Please visit our retail website [ScrollSawGifts.com](http://ScrollSawGifts.com) or our wholesale website [ScrollSawGiftsWholesale.com](http://ScrollSawGiftsWholesale.com) for more information or to place an order.

All of our Christmas ornaments are cut from one of five different hardwoods; basswood, canarywood, padauk, purpleheart or walnut and are finished with Natural Danish Oil. A specific wood was chosen for each ornament based on the design and difficulty of the ornament as well as its relationship to similar ornaments.

We also offer all ornaments in your choice of twelve solid acrylic colors and four transparent acrylic colors.

Our shipping charge is 10% of your order total with a minimum charge of \$5.00. Orders will ship USPS or FedEx within 7-10 business days. Payment is due with your order.

All sales final. Damaged product may be returned for replacement only.

For additional information or to place an order by phone, please contact us at (231) 893-7276.
